Style

Our mission is to be a Design Innovator of best-quality, unique stone, glass, ceramic and metal products with Superior Service and Competitive prices

Since our move from California to Texas in 2013, we have made many changes and improvements. Our main goal for moving to Dallas was to become more centrally located to our customer base in order to deliver a higher level of service to all of our customers nationwide.

In August 2016, we moved our customer service center to the Dallas facility. This allowed us to improve operational efficiency and to provide better customer service.

In 2017, we partnered with Styles Capital Group thus becoming SCG Maniscalco Stone. This has proven to be a wise decision. Through this partnership, we have invested in the future by expanding our design capabilities and inventory of current products, and significantly diversified our product offering. Additionally, “we bought a building” and moved in 2018! This proactive change offered us new office space and a larger warehouse, needed for the success of our fast growing business.

SCG Maniscalco Stone is dedicated to you, our customer. We wouldn’t be here without your support and confidence. Our goal is simple, to be a design innovator of best-quality products with superior customer service. We love what we do and we want to bring a little “style” into your life with our products. We are excited about our future and are always striving for excellence in every aspect of our business. If you have any suggestions or feedback on how we can improve, we would love to hear from you. We promise to listen and to do our best to serve you and all of our customers every day!

Your Management Team,
SCG Maniscalcostone

TAKAO

3D Tile - Piece Size: 3"x 6" - Texture: Matte Finish

Design with elegance. Takao is a porcelain wall tile with a slightly raised relief design that allows flexibility to create multiple Japanese Zen-like patterns. The matte finish is a smooth satin texture, soft to the touch. Fired in Japanese box kilns in a single fire method, the time honored Japanese artisanship is evident. Elegance that stands the test of time.

SOUTH LOOP

Brick Tile - Piece Size: 3"x 11" - Texture: Matte Finish

The brick facades found in the historic downtown Chicago neighborhood inspired our new South Loop series. The five different classic color schemes each feature up to forty different graphic faces and six different reliefs in a matte finish. The durable porcelain makes these tiles perfectly suitable for interior and exterior installations on walls or floors

PATHWAYS

Patterned Tile - Piece Size: 8-3/4" x 8-3/4" - Texture: Matte Finish

Create your path of distinction. This beautiful new series offers four unique patterns designed to coordinate with each other. A soft neutral palette allows an artistic flow throughout your space. With patterns ranging from geometric to medallion styles, each one has eight different graphics and are finished with a matte texture. This sophisticated take on a bold style will offer a distinct focal point to any room.

Groove Tile - Piece Size: 3"x 12" - Texture: Glossy Finish
 Bullnose - Piece Size: 3/4"x 12" - Texture: Glossy Finish

A fresh approach to a classic style. Within our Contour Series, the Groove Tile is a 3"x 12" reverse bevel style that lends dimension and texture to a very classic look. Available in six colors, each with a matching Bullnose. The reverse bevel highlights the light and dark color combination in each piece created by the waterfall glaze technology. Reflecting light plays with the glossy finish and the dimension of the tile, creating a visual masterpiece that brings out shapes and angles that give long lasting interest to your design.

Undulated Tile: Piece Size: 3"x 6" - 2-1/2"x 8" - 3"x 12" - Texture: Glossy Finish
 Bullnose: Piece Size: 1"x 12" - Texture: Glossy Finish

A beautifully designed ceramic wall tile created by utilizing a unique waterfall glazing technique. The resulting uneven color distribution creates organic subtleties of light and dark color saturation. A blend of six different undulating tile edges achieves the authentic Spanish craftsmanship the world has long admired. Kaleidoscope offers forty-four different colors from neutral to vibrant shades all with matching trim pieces.

SYMMETRY

Pyramid, Arrow, Triangle Tile - Piece size is 6"x 6-3/4" - Texture: Matte Finish

Symmetry highlights three-dimensional triangle options where light and shade will enhance the shape, transforming the surface of these three different tiles. With two 3D formats and one flat format you can create even more multiple levels of surface by using them together. Suitable for walls, with the most dynamic looks in larger applications, Symmetry provides architects and interior designers a new option for creative designs.

SYMMETRY

Flat and Rhombus Tiles - Piece size: 6"x 10" - Texture: Matte Finish

Symmetry expands on shape with the Rhombus. The scooped option in this series is a concaved surface featuring curved and straight lines which create subtle, tranquil light diffusion over the surface. The flat format in this shape can be used to create hexagon patterns, herringbone patterns, stars and more. Use it on its own, or blend with the scooped option for more levels of light and shadow.

BOTANY BAY PEBBLES

Natural, Sliced, Stacked, Opus & Coin - Sheet Size: 12"x 12" - Sliced Borders: Piece Size: 4"x 12"

Mined from the rivers and beaches of Indonesia without using machinery, these natural gems are perfect for creating the look and feel of the outdoors in your design. Delicately blended colors and sizes create a whimsical collection of pebbles. Installation of these stones should be done with care. For a seamless overall look, we suggest slightly moving certain pieces to get a consistent flow. Sealing this product is recommended and using an enhancing sealer will darken and bring out the beauty of each individual pebble.f

LITTLE SANDY PEBBLES

Recycled Glass Mosaic - Sheet Size: 11-1/4" x 11-1/4" - Texture: Matte Finish

Made from 100% recycled glass, the reused glass powder is fired in a mold at high temperatures in order to create the pebble shape. The color achieves a vein look within the glass that lends itself to a recreation of natural stone. Three neutral colors are offered for these smooth, matte finished pebbles.

MODERN EDGE

Recycled Glass Mosaic - Piece Size: 2"x 6" - Sheet Size 12"x 12" - Texture: Glossy Finish

Our ever popular 2"x 6" interlocking format is back by popular demand. This interlocking pattern with a skinny reverse bevel has been improved and four well sought after colors have been revived. Made with 100% recycled glass powder, the glass and color glaze are mixed together and fired at over 2000 degrees, making the material durable. It has zero % water absorption, making it usable in many applications. This new glass firing technology has decreased color variation, and made the product stronger and lighter.

TUNDRA GLASS

Interlock Glass Mosaic - Piece Size: 2"x6" - Sheet Size: 11-3/4" x 11-3/4" - Texture: Matte Finish

Bringing you enhanced color options with a more advanced manufacturing style than before, we are happy to introduce the Tundra Glass Series. Electric kilns assist with the overall quality of the product and help aid the environment. The colors display an enchanting swirl caused by mixing the color separately into already molten glass. This process of melting components to achieve this look, translates into a unique reaction where not one piece will look the same. A soft matte finish combined with these colors will add a truly lavish look to your space.

COLOR SPLASH

3D Tile - Piece Size 6" x 6" - Texture: Glossy Finish

Color Splash is a vivid pop of color. These glass tiles get their color from ink jet printing technology. The color pattern is applied to the back side of the glass tile. The tile surface has a three-dimensional grooved texture, distorting the detail and creating an alluring look. The polished finish plays with light and reflection. The color pattern per tile repeats, however once you put multiple tiles together, you will see four different patterns in the finished install. Such a fun design for a commercial or residential wall.

GOSFORD GLASS & STONE

Herringbone Mosaic - Piece Size: 1"x 2-3/4" - Sheet Size 12"x 12" - Texture: Glossy & Matte Finish
 Interlock Mosaic - Piece Size: 2"x 6" - Sheet Size 12"x 12" - Texture: Glossy & Matte Finish

Blending glass and stone is a creation like no other. Playing with textures and reflections in a mosaic can add an element of dimension to a room, making it a central point. Gosford Glass & Stone offer a collection of different patterns to choose from, each with their own special touch. The Herringbone and Interlock patterns get their color from ink jet printing with a mixture of polished glass and lava stone. The Frames and Hexy are formed by waterjet cutting before being carefully blended with assorted colors and textures. The choice is yours, but you can't go wrong.

These blends have a mixture of glass and aluminum metal. Rich with five different patterns, you will get a blend of etched metals and polished glass. This modern blend of aluminum and glass combines textures for a rough metal look, with a soft glass feel. Circular etching on the surface of the metal along with the shimmery pop of color from the glass really sets this product apart. The aluminum pieces are hollow on the back for a super lightweight feel.
